

# Head Sets

Espionage - Kasbah (Free Festival Venue 185)  
10:30 p.m. (1hr) 4-28 August (not 16th)

Comedians losing their heads and performing with no bodies. A brand new show full of comedians doing stand-up using just their heads. Is it simple? Yeah. Is it silly? Well, of course! The suspense lies in what happens after the audience shout, "Off with her [his] head!" Only the bravest and best comics will be chosen as act-outs are, well, slightly more difficult given the comedians' bodies are completely concealed.

Every comedian on the show will undergo a Head Sets make-over and have their body taken away while their heads remain to entertain the crowd. Every night a brand new bill comprising four of the best comedians from the Fringe are presented, Head Sets style.

Hosted by Suzanne Lea Shepherd (Comedy Central Asia). Guests include Stephen Carlin, Holly Burn, Stuart Goldsmith, Laura Lexx, Gordon Southern and more... all delivering comedy from their floating heads.
