### ABOUT "THE GODDAMN TRUTH"

Truth is relative, sure, but as far as I'm concerned I've got this sh\*t figured out. My show is based around the premise that my opinions – true or not – are the goddamn truth. What is truth anyway? You can never be 100% certain so you might as well just find the closest thing and latch on to that sonofabitch and enjoy the ride!

In my one-person show I explain how everyone gets most everything wrong and, conversely, how I get most everything right. We all know that opinions are like a\*\*holes cause everyone has one, but let me tell you, folks, my opinions, unlike a\*\*holes, smell fantastic. You might not agree with everything I have to say in Jeff Seal: The Goddamn Truth but you'll have fun watching me try to convince you otherwise.
